Course Description:

Class Piano I is the first course in a four-part sequence designed to teach non-piano majors keyboard skills. You will find that while many of the techniques you will learn in this class are specific to the piano, there are other concepts that will parallel your studies in Music Theory and Ear-Training/Sight-Singing. The goal of the Class Piano sequence, thus, is not only to teach you how to play the piano, but also to use the keyboard as a practical application of Theory as you progress through both disciplines. All of this will culminate in the final semester of Class Piano IV with the Keyboard Skills Proficiency that you must successfully pass in order to satisfy the core curriculum of Class Piano. There are no

prerequisites for this course and you are not expected to be able to play the piano upon entry into Class Piano I. Additional aspects of this course will include, but are certainly not limited to, the introduction of scales, minor technical exercises, chord progressions, improvisation, sight-reading, playing extended works, and harmonization and transposition.

Student Learning Outcome/Course Goals: By the end of this course, you will be able to:

- perform general aspects of piano technique
- assess general concepts of music theory
- play all major/minor five-finger patterns
- harmonize short works using I and V7
- transpose pieces to all twelve major/minor keys
- perform various works in the piano repertoire
- play cadences and transpose them to any given key
- play any major, minor, diminished, and augmented chord in both hands
- know all of the Major Scales via Tetrachords

Enrollment Requirements

There are no prerequisites for this course and you are not expected to be able to play the piano upon entry into Class Piano

Course Activities

Consistent daily piano practice is required for this course. You should plan at least 30 minutes of practice time per day. You will be required to keep a journal of your practice time and a breakdown of the materials covered. Focus on time management and practice techniques will be evaluated .

You will be expected to perform in class, either as an ensemble, small groups or individually. Participation in group activities will be required.

You will need to have access and check Webcourses on a regular basis. Class assignments will be posted following each class session with the material that is needed to practice for the next class time. If you are absent, or forget to write the assignments down, you will have a place to check and confirm what is expected from you to complete before the next class session.

You will be notified about each exam a minimum of ONE WEEK before you are to take it.

An announcement will be made in web courses with the specific areas on which you will be assessed. You are expected to dedicate time outside of class to practice and prepare for quizzes and exams. Please come prepared to class every day with the materials we have worked on during previous sessions.

The GTA for this class will schedule open tutoring hours during the week and if you cannot attend these sessions, tutoring sessions can be scheduled by appointment. Tutoring will be scheduled only if you are attending class and needing some extra help. "Private tutoring" will not replace a class time. Tutoring will be scheduled upon the discretion of the instructor.

Attendance/Participation

Classroom Policies: In addition to attending class regularly and participating in discussions. You are expected to behave professionally during lectures and discussions in order to foster a positive learning environment for all students. If you are to bring a laptop to class in order to take notes, please feel free to do so. However, you may not use your computer to IM, text, play games, do work for another class, surf the net, etc. Please be sensible about this to avoid losing the privilege. **TURN OFF OR SILENCE ALL PHONES PRIOR TO ENTERING CLASS.** If your phone happens to go off or if you are caught texting during a lecture, you will be asked to leave and will have your attendance forfeited for that day. Taking pictures of the whiteboard and/or pages of the textbook is allowed if you have forgotten your book. Do it quietly as to not disrupt the class. Class time is valuable and you will want to remember to bring your text all the time, so you can get the most out of the class room time.

Attendance will be taken EVERY DAY and you will be expected to contribute to the class discussions. You are allowed to miss TWO classes (the equivalent to one week's worth of class) before your grade is affected negatively. It doesn't matter if the absence is for an illness or you just wanted to sleep in or go get a cup of coffee. However, if you have an extended illness (supported by a doctors note) your absences will be adjusted accordingly. Also, if you have documentation that you will be absent for an official UCF function, you absences will be adjusted accordingly. If you are more than TEN minutes late to class, you will be marked late for that day. If you are more than 15 minutes late to class, you will be marked with an absence for the day. Here is a breakdown of how your grade will be penalized.

Campus Safety Statement

Emergencies on campus are rare, but if one should arise in our class, we will all need to work together. Everyone should be aware of the surroundings and familiar with some basic safety and security concepts.

- In case of an emergency, dial 911 for assistance.
- Every UCF classroom contains an emergency procedure guide posted on a wall near the door. Please make a note of the guide's physical location and consider reviewing the online version at http://emergency.ucf.edu/emergency_guide.html.
- Familiarize yourself with evacuation routes from each of your classrooms and have a plan for finding safety in case of an emergency. (Insert class-specific details if appropriate)
- If there is a medical emergency during class, we may need to access a first aid kit or AED (Automated External Defibrillator). To learn where those items are located in this building, see <http://www.ehs.ucf.edu/AEDlocations-UCF>
- To stay informed about emergency situations, sign up to receive UCF text alerts by going to my.ucf.edu and logging in. Click on "Student Self Service" located on the left side of the screen in the tool bar, scroll down to the blue "Personal Information" heading on your Student Center screen, click on "UCF Alert", fill out the information, including your e-mail address, cell phone number, and cell phone provider, click "Apply" to save the changes, and then click "OK."
- If you have a special need related to emergency situations, please speak with me during office hours.

- Consider viewing this video [You CAN Survive an Active Shooter](#) about how to manage an active shooter situation on campus or elsewhere.
