I. Welcome
   Welcome to the philosophical study of Ethics & Biological Science - I am looking forward to working with you!

II. University Course Catalog Description
    PHI 4633 CAH-PHIL (3,0) Ethics and Biological Science: PR: Completion of the GEP. An application of contemporary thinking to ethical issues arising from the biological sciences, including human and animal experimentation, genetic engineering, biodiversity. Occasional.

III. Course Overview
    We will study key contemporary philosophical approaches to ethics and
biology, from the foundational problems of defining ethics in the evolutionary context of biology, to the historical development of the disciplinary domain of bioethics and its three sub-domains: *animal ethics, biomedical ethics* and *environmental ethics*. We shall read the seminal literature in the area and discuss pertinent cases while exploring the continuum of ethical decision-making, in the context of biological sciences. By the end of the course you will be able to identify, analyze, discuss and evaluate ethical problems in the broad domain of biological sciences and its applications. This course will also provide basic instruction in philosophical inquiry, with a focus on a argumentation theory, epistemic norms and scientific reasoning.

IV. **Course Objectives**

By the end of this course, students will be able to:

1. Identify and describe key arguments, concepts and principles pertaining to ethics and biology in the domains of biomedical ethics, environmental ethics, and animal ethics;
2. Develop a working knowledge of the domain of ethics and biology and its main interpretive lines;
3. Discuss critically and evaluate the many uses of biological sciences applied to case studies pertaining to the domains of naturalist approaches to ethics, environmental ethics, animal ethics and biomedical ethics.

V. **Course Prerequisites**

Completion of the GEP.

VI. **Course Credits**

3 credits

VII. **Required Texts and Materials**

All basic required texts will be available either on the website, or free of charge at specialized websites (see below) or at the UCF library. The professor will post and send weekly reading materials for all class. Please see the texts directly in the schedule.

VIII. **Supplementary (Optional & Recommended) Texts and Materials**

**IX. Basis for Final Grade**

Students will be graded by means of weekly posts, collective (group and pairs) and individual writing and presentation assignments, and a final research paper, as follows:

<table>
<thead>
<tr>
<th>Assessment</th>
<th>Percent of Final Grade</th>
</tr>
</thead>
<tbody>
<tr>
<td>Posting weekly - summaries/questions</td>
<td>20%</td>
</tr>
<tr>
<td>(individual)</td>
<td></td>
</tr>
<tr>
<td>Project outline</td>
<td>10%</td>
</tr>
<tr>
<td>Working in pairs (dialogue posting)</td>
<td>20%</td>
</tr>
<tr>
<td>Project presentation (50%)/class debate (50%)</td>
<td>15%</td>
</tr>
<tr>
<td>Final research paper</td>
<td>30%</td>
</tr>
<tr>
<td></td>
<td>100%</td>
</tr>
</tbody>
</table>

**Grading Scale (%)**

| 94-100 | A  |
| 90-93  | A- |
| 87-89  | B+ |
| 84-86  | B  |
| 80-83  | B- |
| 77-79  | C+ |
| 74-76  | C  |
| 70-73  | C- |
| 67-69  | D+ |
| 64-66  | D  |
| 60-63  | D- |
| 0 - 59 | F  |
X. **Grade Dissemination**
Graded materials in this course will be returned individually only by request. You can access your scores at any time using "myUCF Grades" in the portal. Please note that scores returned mid-semester are unofficial grades. If you need help accessing myUCF Grades, see the online tutorial: [https://myucfgrades.ucf.edu/help/](https://myucfgrades.ucf.edu/help/).

XI. **Course Policies: Grades**

**Late Work Policy:**
Essays turned in late will be assessed a penalty: a half-letter grade if it is one day late, or a full-letter grade for 2-7 days late. Essays will not be accepted if overdue by more than seven days.

**Grades of "Incomplete":**
The current university policy concerning incomplete grades will be followed in this course. Incomplete grades are given only in situations where unexpected emergencies prevent a student from completing the course and the remaining work can be completed the next semester. Your instructor is the final authority on whether you qualify for an incomplete. Incomplete work must be finished by the end of the subsequent semester or the “I” will automatically be recorded as an “F” on your transcript.

**Rewrite Policy:**
Rewrites are entirely optional; however, only the final essay may be rewritten for a revised grade. Note that an alternate grading rubric will be used for the rewrite, featuring an additional column that evaluates the changes made specifically.

**Group Work Policy:**
Everyone must take part in a group project. All members of a group will receive the same score; that is, the project is assessed and everyone receives this score. Once formed, groups cannot be altered or switched, except for reasons of extended hospitalization.

**Dialogue pair:**
Everyone should find a colleague to meet virtually/F2F to discuss their questions. These pair will also do tasks in class.

XII. **Course Policies: Technology and Media**

**Webcourses:** All assignments should be uploaded through webcourse.

**Laptop Usage:** Laptop usage in this class is acceptable exclusively for note-taking.
Classroom Devices: Video-recording is not allowed; audio recorders are acceptable if for personal instructional use only - no further dissemination is permitted.

XIII. Course Policies: Student Expectations

Inclusion, Safety, and Disability Accommodation at UCF:
The University of Central Florida considers the diversity of its students, faculty, and staff to be a strength and critical to its educational mission. UCF expects every member of the university community to contribute to an inclusive and respectful culture for all in its classrooms, work environments, and at campus events. Dimensions of diversity can include sex, race, age, national origin, ethnicity, gender identity and expression, intellectual and physical ability, sexual orientation, income, faith and non-faith perspectives, socio-economic class, political ideology, education, primary language, family status, military experience, cognitive style, and communication style. The individual intersection of these experiences and characteristics must be valued in our community. Title IX prohibits sex discrimination, including sexual misconduct, sexual violence, sexual harassment, and retaliation. If you or someone you know has been harassed or assaulted, you can find resources available to support the victim, including confidential resources and information concerning reporting options at www.shield.ucf.edu and http://cares.sdes.ucf.edu/.

If there are aspects of the design, instruction, and/or experiences within this course that result in barriers to your inclusion or accurate assessment of achievement, please notify the instructor as soon as possible and/or contact Student Accessibility Services. For more information on diversity and inclusion, Title IX, accessibility, or UCF’s complaint processes contact: Title IX – EO/AA - http://www.eeo.ucf.edu/ & askanadvocate@ucf.edu Disability Accommodation – Student Accessibility Services - http://sas.sdes.ucf.edu/ & sas@ucf.edu Diversity and Inclusion Training and Events – www.diversity.ucf.edu Student Bias Grievances – Just Knights response team - http://jkrt.sdes.ucf.edu/ UCF Compliance and Ethics Office - http://compliance.ucf.edu/ & complianceandethics@ucf.edu Ombuds Office - http://www.ombuds.ucf.edu

Attendance Policy:
Regular attendance is expected.

Professionalism Policy:
Per university policy and classroom etiquette; mobile phones, iPods, etc. must be silenced during all classes. Those not heeding this rule will be asked to leave the classroom immediately so as to not disrupt the learning environment. Please arrive on time for all class meetings. Students who habitually disturb the class by talking, arriving late, etc., and have been warned may suffer a reduction in their final class grade.
Academic Conduct Policy:
Academic dishonesty in any form will not be tolerated. If you are uncertain as to what constitutes academic dishonesty, please consult The Golden Rule, the University of Central Florida's Student Handbook (http://www.goldenrule.sdes.ucf.edu/) for further details. As in all University courses, The Golden Rule Rules of Conduct will be applied. Violations of these rules will result in a record of the infraction being placed in your file and receiving a zero on the work in question AT A MINIMUM. At the instructor’s discretion, you may also receive a failing grade for the course. Confirmation of such incidents can also result in expulsion from the University.

University Writing Center:
The University Writing Center (UWC) is a free resource for UCF undergraduates and graduates. At the UWC, a trained writing consultant will work individually with you on anything you're writing (in or out of class), at any point in the writing process from brainstorming to editing. Appointments are recommended, but not required. For more information or to make an appointment, visit the UWC website at http://www.uwc.ucf.edu, stop by MOD 608, or call 407.823.2197.

Religious Observances
Students are expected to notify their instructor in advance if they intend to miss class to observe a holy day of their religious faith. For a current schedule of major religious holidays, see the Faculty Center’s main web page under “Calendars,” and for additional information, contact the Office of Diversity Initiatives at 407-823-6479.

XVI. Essay and Project Assignments (Proposal)

**Individual and group assignments**

Students can pick an area of specialization (let’s say, environmental ethics) and collaborate, debate participation, while each might end up working on a separate final project.

**Pairs:** Students will be paired for maintaining a philosophical dialogue along the semester.

**Individual assignments:**
All students will post online individually weekly questions regarding the assigned week reading.

Project Outline (one time): A project outline for your essay should be presented, including: question, possible thesis, argument, plus the supporting literature. It could either be theoretical or applied, in case you would like to present a case study. One of two pages suffice (be brief). The objective of this assignment is to help to prepare students to succeed in his/her/their final paper, setting up his/her research. I would expect all students to come at least once during the semester to check their project with me during my office hours, so that I can support you individually.

The final individual essay: It is the result of the research project presented in the outline, the final individual essay should be around 8 pages long.
